

**UC Berkeley/CHORI Tumor Biology Trainee Symposium
T32 Training Grant in Tumor Biology**

Friday June 5, 2009

**Little Theater
Children's Hospital Oakland Research Institute
5700 Martin Luther King Jr. Way, Oakland, CA 94609**

- 9:00 am 9:30 Breakfast outside CHORI Little Theater
- 9:30-9:40 Welcoming remarks by Julie Saba, MD PhD
- 9:40-10:00 Mark Wagner, PhD
Postdoctoral Fellow
(David Martin Laboratory, CHORI)
“A Screen for Agents that Disrupt Epigenetic Silencing in Cancer Cells”
- 10:00-10:20 Ram Prathapam, PhD
Postdoctoral Fellow
(Steve Martin Laboratory, UCB)
“p27Kip1 Mediates MYC Oncogene Addiction “
- 10: 20-10:40 Padmavathi Bandhuvula, PhD
Postdoctoral Fellow
(Julie Saba Laboratory, CHORI)
“Sphingadienes in AKT Signaling and Colon Cancer Chemoprevention”
- 10:40-11:00 Lucas Horn, PhD
Postdoctoral Fellow
(David Raulet Laboratory, UCB)
“Discovery of a Ribozyme in the 3'UTR of a NK Inhibitory Ligand “
- 11:00-11:20 Coffee Break
- 11:20-11:40 Grace Wang, PhD
Postdoctoral Fellow
(Ervin Epstein Laboratory, CHORI)
“The Cell of Origin of Murine Basal Cell Carcinoma”
- 11:40- 12:00 Robert Ryan, PhD
Senior Scientist, CHORI
“ATRA Nanodisks and Mantle Cell Lymphoma”
- 12:00-1:00 Keynote Speaker: Sylvain Costes, PhD
Project Scientist and Principal Investigator
Life Sciences Division, Lawrence Berkeley National Laboratory
“Cancer and DNA Damage Responses”
- 1:00-2:00 Lunch in Library and Courtyard
